

Tree Distribution List for April 1,2023
Texas Roadhouse

Common Name

Scientific Name

Three Gallon

Armstrong red maple	<i>Acer rubrum</i> 'Armstrong'
Brandywine red maple	<i>Acer rubrum</i> 'Brandywine'
October Glory red maple	<i>Acer rubrum</i> 'October Glory'
Northern red oak	<i>Quercus rubra</i>
Swamp white oak	<i>Quercus bicolor</i>
White oak	<i>Quercus alba</i>
Willow oak	<i>Quercus phellos</i>
Muskogee crape myrtle (lavender)	<i>Lagerstroemia indica x fauriei</i> 'Muskogee'
Natchez crape myrtle (white)	<i>Lagerstroemia indica x fauriei</i> 'Natchez'
Scarlet crape myrtle (red)	<i>Crapemyrtle Lagerstroemia</i> Scarlet Crape myrtle

Five Gallon

Armstrong red maple	<i>Acer rubrum</i> 'Armstrong'
River Birch	<i>Betula nigra</i> 'Dura Heat'
Nuttall Oak	<i>Quercus Nuttallii</i>

****All Species, Sizes and Amounts Are Subject to Vendor Availability****

Armstrong Red Maple (*Acer Rubrum* 'Armstrong') NATIVE

Common Name(s): Carolina Maple, Curled Maple, Red Maple, Scarlet Maple, Soft Maple, Swamp Maple

Height: 50'-60' Width: 15'-25'

Soil preference: tolerant of most soil types (loam, sand, clay)

Light: Full sun to part shade - at least 6 hours sun

Moisture: Moist, well drained, but can tolerate some moderate drought and flood

Shape: Columnar, upright

Notes: Silver/gray bark, red/orange/yellow leaves in Fall, fast grower

Plant details: <https://plants.ces.ncsu.edu/plants/acer-rubrum/>

October Glory Maple (*Acer Rubrum* X 'October Glory') NATIVE

Common Name(s): Carolina Maple, Curled Maple, Red Maple, Scarlet Maple, Soft Maple, Swamp Maple

Height: 40'-50' Width: 25'-35'

Soil preference: tolerant of most soil types, prefers slightly acid

Light: Sun or part shade- at least 4 hours of direct sun a day

Moisture: Prefers moist, well drained

Shape: Round

Notes: Grows medium/fast -13-24 inches a year. Brilliant orange/red leaves in Fall

Plant details: <https://plants.ces.ncsu.edu/plants/acer-rubrum/>

Brandywine Red Maple (*Acer rubrum* “Brandywine”) NATIVE cultivar

Common Name(s): Carolina Maple, Curled Maple, Red Maple, Scarlet Maple, Soft Maple, Swamp Maple

Height: 25'-35' Width: 15'-25'

Soil preference: tolerant of most soil types (loam, sand, clay)

Light: Full sun to part shade - at least 6 hours sun

Moisture: Moist, well drained, but can tolerate some moderate drought and flood

Shape: Rounded, upright

Notes: Silver/gray bark, Red/purple fall foliage, fast grower, no flowers, seeds or fruits

Plant details: <https://plants.ces.ncsu.edu/plants/acer-rubrum/>

https://www.usna.usda.gov/assets/images/as_standard_image/Acer_rubrum_Brandywine.pdf

White Oak (*Quercus Alba*) NATIVE

Common name(s): American, Eastern Fork-leaf, Northern White Oak

Height: 80' - 100' Width: 80'

Soil preference: Clay, loam or sand, slightly acidic

Light: Full sun to part shade - at least 6 hours direct sun

Moisture: Prefers moist well drained, but adaptable to other types once established, including occasional drought tolerance

Shape: Pyramid when young - round/broad with maturity

Notes: Dark red-brown foliage in fall, supports abundant wildlife

Plant details: <https://plants.ces.ncsu.edu/plants/quercus-alba/>

Swamp White Oak (Quercus Bicolor) NATIVE

Common names: Swamp white oak, Bicolor Oak, Oaks

Height: 50'-60' Width: 50'-60'

Soil preference: Clay, loam, sand, high organic matter, acidic

Light: Full sun

Moisture: Moist-wet, can adapt to drier sites

Shape: Pyramid shape when young - broad oval with age, short trunk

Notes: supports abundant wildlife, plant along a pond or stream

Plant details: <https://plants.ces.ncsu.edu/plants/quercus-bicolor/>

Willow Oak (Quercus Phellos) NATIVE

Common Name(s): Oaks, Willow Oak

Height: 40-75' Width: 25-50'

Soil preference: acidic, clay, loam, sand, adaptable

Light: Full sun to light shade - at least 6 hrs full sun

Moisture: Average, well drained (occasional dry or wet)

Shape: Oval- rounded crown

Notes: Supports abundant wildlife, fast growing, fine texture

Plant details: <https://plants.ces.ncsu.edu/plants/quercus-phellos/>

Red Oak (*Quercus Rubra*) NATIVE

Common Name(s): American Red Oak, Eastern Red Oak, Mountain Red Oak, Northern Red Oak, Oak, Red Oak

Height: 50'-70' Width: 50'-75'

Soil preference: Loam (Silt), Sand

Light: Full sun (6 or more hours of direct sunlight a day)

Part Shade (Direct sunlight only part of the day, 2-6 hours)

Moisture: Good Drainage, Moist, Occasionally Dry

Shape: Conical, Dense, Erect, Rounded

Notes: Rapid grower, low maintenance

Plant details: <https://plants.ces.ncsu.edu/plants/quercus-rubra/>

Nuttall Oak (*Quercus nuttallii*) NATIVE

Common Name(s): Nuttall Oak, Shumard Oak, Texas Red Oak

Height: 40' Width: 35'- 50'

Soil preference: clay, loam or sand

Light: Full sun

Moisture: Moist, well drained, tolerates some drought and flooding

Shape: Rounded

Notes: Fast growing, good for urban conditions, drought, yellow/orange/red/ Fall color

Plant details: <https://plants.ces.ncsu.edu/plants/quercus-texana/>

River Birch (*Betula nigra* 'Dura Heat') NATIVE

Common Names(s): Red Birch

Height: 50' Width: 45'

Soil preference: Clay, High Organic Matter, Loam (Silt), Sand

Light: Full sun (6 or more hours of direct sunlight a day)

Partial Shade (Direct sunlight only part of the day, 2-6 hours)

Moisture: Frequent Standing Water, Good Drainage, Occasional Flooding, Occasionally Wet

Shape: Open, Pyramidal, Rounded

Notes: Rapid grower, medium maintenance

Plant details: <https://plants.ces.ncsu.edu/plants/betula-nigra/>

Natchez Crape Myrtle (*Lagerstroemia indica* white) NON- NATIVE

Common Names(s): Common Crape Myrtle, Crape Myrtle, Crepe Flower, Crepe Myrtle, Indian Crape Myrtle, Lilac of the South

Height: 15'-20' Width: 8'-12'

Soil preference: Clay, High Organic Matter, Loam (Silt), Sand, Shallow Rocky

Light: Full Sun

Moisture: Good Drainage, Moist, Occasionally Dry, Occasionally Wet

Shape: Shrub, Tree

Notes: Rapid growth, medium maintenance

Plant details: <https://plants.ces.ncsu.edu/plants/lagerstroemia-indica/>

Muskogee Crape Myrtle (*Lagerstroemia indica lavendar*) NON- NATIVE

Common Names(s): Common Crape Myrtle, Crape Myrtle, Crepe Flower, Crepe Myrtle, Indian Crape Myrtle, Lilac of the South

Height: 15'-20' Width: 8'-12'

Soil preference: Clay, High Organic Matter, Loam (Silt), Sand, Shallow Rocky

Light: Full Sun

Moisture: Good Drainage, Moist, Occasionally Dry, Occasionally Wet

Shape: Shrub, Tree

Notes: Rapid growth, medium maintenance

Plant details: <https://plants.ces.ncsu.edu/plants/lagerstroemia-indica/>

Scarlet Crape Myrtle (Crapemyrtle Lagerstroemia Colorama™) NON -NATIVE

Common Names(s): Common Crape Myrtle, Crape Myrtle, Crepe Flower, Crepe Myrtle, Indian Crape Myrtle, Lilac of the South

Height: 15'-20' Width: 8'-12'

Soil preference: Clay, High Organic Matter, Loam (Silt), Sand, Shallow Rocky

Light: Full Sun

Moisture: Good Drainage, Moist, Occasionally Dry, Occasionally Wet

Shape: Shrub, Tree

Notes: Rapid growth, medium maintenance

Plant details: <https://plants.ces.ncsu.edu/plants/lagerstroemia-indica/>
